For Immediate Release

Naperville, IL – Illinois State Treasurer Alexi Giannoulias secures below-market interest rates to finance energy efficient and renewable energy equipment with participating lenders through the “Green Energy Program”

Green Energy can fund the purchase or installation of:

- Small wind energy systems
- Solar panels
- Energy Star appliances, windows and light fixtures
- Other energy efficiency equipment or upgrades

For more information or to participate in the Green Energy Program contact the Treasurer’s office at (217) 557-6436 or visit www.treasurer.il.gov and follow the Cultivate Illinois link.

The Green Energy Program can be combined with utility energy efficiency programs or other financing sources.
